Facts and Tips

- 1- Permit applications are available via FAX, or pick up in the Conover Center or 24 hours per day in the Chamber Information Center
- 2- Permit applications are accepted via FAX
- 3- Applications must have a plat diagram indicating the location of existing structures and improvements – location of well, septic along with indication of distances from water, center of road or highway and lot lines
- 4- Zoning permits are now valid for a period of two (2) years as is the Zoning Permit from Vilas County
- 5- A Wisconsin Uniform Building Permit is a state requirement on the construction of a new home – contact Northwinds Inspection LTD 715-539-3000
- 6- Construction or improvement to road accessing your property requires a driveway (excavation) permit
- 7- Fire numbers are issued ONLY for properties with a structure on it or one that has an active & valid zoning permit
- 8- Fire numbers are billed at cost to the property owner
- 9- Other Permit Information Required – Zoning District, Computer Number and Legal Description (ie: Lot 4, NE, SW, Sect 12, T41N, R10E)
- 10- You can request a full information packet with necessary application forms via phone or Email for you upcoming project.
- 11- Conover's Zoning permit is the FIRST step in the application process. If all your "ducks are in a row," the permit with Conover will take only a few short minutes. You must have the Town permit in hand before you go for the County or State permit.
